

# ATTENTION LANDOWNERS

**Does a stream run through your property?  
Come learn how trees can reduce flooding,  
air and water pollution, and erosion,  
while increasing property value!**

Join the Washington County Watershed Alliance  
September 16th at 5:30PM  
for a Riparian Buffer Zone\* workshop.

Location: 50 Old Hickory Ridge Road, Suite 1,  
Washington, PA 15301

RSVP to Jennifer Dann at [info@wcwalliance.org](mailto:info@wcwalliance.org) or call 724-705-7098

\*A riparian buffer zone is a vegetated area along a stream that protects the stream from erosion and controls flooding.

Also learn about how trees prevent erosion, which kind of trees prefer to grow along the stream, and how the WCWA can provide financial assistance!

Light refreshments will be provided, and all attendees will receive a free tree seedling at the end of the event
