INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council
of the City of Washington
Washington County, Pennsylvania

Opinion

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Washington, Washington County, Pennsylvania, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Washington, Washington County, Pennsylvania, as of December 31, 2022, and the respective changes in modified cash basis financial position, thereof for the year then ended in accordance with the basis of accounting as described in Note 1-C.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Washington, Washington County, Pennsylvania, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1-C of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1-C; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Washington, Washington County, Pennsylvania's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Washington, Washington County, Pennsylvania's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**CITY OF WASHINGTON
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022**

Our discussion and analysis of the City of Washington's (City) financial performance provides an overview of the City's financial activities for the year ended December 31, 2022. Please read in conjunction with the financial statements, which begin on page 1.

FINANCIAL HIGHLIGHTS

- The assets of the City of Washington exceeded its liabilities at the close of the fiscal year ended December 31, 2022 by \$25,829,749 (Net Position) on a modified cash basis.
- During the year ended December 31, 2022, the City of Washington's net position increased by \$1,257,556. For the year ended December 31, 2022, the City's unrestricted, undesignated net position increased by \$1,755,805.
- As of the year ended December 31, 2022, the City of Washington's governmental funds reported combined ending fund balances of \$4,884,141.
- The City of Washington's fiduciary funds reported an ending fund balance of \$66,686,206.
- Total long-term debt decreased by \$1,615,000 during the year. The outstanding long-term debt at December 31, 2022 was \$6,495,000.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains supplementary information in addition to the basic financial statements themselves.

The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 5. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than government-wide statements by providing information about the City's most significant funds. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**CITY OF WASHINGTON
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022**

REPORTING THE CITY AS A WHOLE

The Statement of Net Assets and the Statement of Activities

The Statement of Net Assets and the Statement of Activities report information about the City's activities as a whole. These statements include all assets and liabilities using the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States of America.

Net position may serve as a useful indicator of financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the City's property tax base and the condition of the City's roads and other development projects, to assess the overall health of the City.

Governmental activities of the City are reported in the Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis. Governmental Activities include the police, fire, public works, cultural and recreation activities, community development, and general administration. Property taxes, earned income taxes, franchise fees, and state and federal grants finance most of these activities.

- **Business-Type Activities** – Business-type activities are those activities in which the City charges a fee to customers to help cover all or most of the costs of certain services it provides. The City does not have any business-type activities.
- **Reporting the City's Most Significant Funds** – Fund financial statements provide detailed information about the most significant funds. Non-major funds are grouped together. The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. A fund is used to maintain control over resources that have been segregated for specific activities or objectives. The various funds of the City report information regarding governmental activities.
- **Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's short-term financing requirements.
- **Fiduciary Funds** – Fiduciary funds are used to account for assets held by the City in a trustee capacity for the policemen, firemen, officers, and administrative employees for pension benefits.

**CITY OF WASHINGTON
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financial decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

The funds of the City are categorized as follows: General, Major Fund Types and Other Governmental Funds. Information is presented separately in the Governmental Fund Combined Balance Sheet – Cash Basis and in the Governmental Fund Combined Statement of Revenues, Expenditures, and Changes in Fund Balance – Cash Basis for these fund types. The Other Governmental Funds are combined into a single, aggregated presentation in the governmental funds' financial statements.

GOVERNMENTAL-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets exceed liabilities by \$25,829,749 as of December 31, 2022. The City's combined net position reflects its investment in capital assets, less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. The following focuses in the net position of the City's governmental activities for the year ended December 31, 2022 with comparative totals for the year ended December 31, 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022**

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds - The focus of the City's governmental funds is to provide information on short term inflows, outflows, and balances of spendable resources. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Such information is useful in assessing the City's financing requirements.

For the year ended December 31, 2022, the City's combined governmental funds ending fund balance totaled \$4,884,141. The total combined fund balance increased \$293,206.

Fiduciary Funds – Fiduciary funds consist of assets held in a trustee capacity by the City of Washington for pension benefits. As of December 31, 2022, the fund balance of the fiduciary funds was \$66,686,206. The fund balance decreased by \$12,064,437 during 2022, of which \$12,646,021 was attributed to the decline in investment fair market value.

General Fund Budgetary Highlights

The actual charges to appropriations were \$484,883 below the final budgeted amounts, primarily due to delays in the stormwater system projects as well as other highway projects that were budgeted but not expended. Resources available for appropriation were \$1,161,195 above budgeted amounts, primarily due to tax revenue restricted for pension contributions not budgeted. In addition, grants related to the Coronavirus Aid of \$705,234 were not budgeted. As a result, the City reported a favorable variance of \$1,646,078 over the ending budgetary fund balance at December 31, 2022. Please see the statement of revenues, expenditures and changes in fund balance budget versus actual on page 44 for further detail.

CAPITAL ASSETS

The City's investment in capital assets, for its governmental activities as of December 31, 2022 amounts to \$27,443,056, net of accumulated depreciation. Depreciation amounted to \$1,314,839 for the year ended December 31, 2022. As a result, the City's total capital assets decreased by approximately two percent (2%) from December 31, 2021.

DEBT ADMINISTRATION

The City's long-term debt at December 31, 2022 totaled \$6,495,000. During the year ended December 31, 2022, the City paid \$1,615,000 toward the retirement of long-term debt. Total interest expense paid on long-term debt in 2022 was \$206,865.

CONTINGENCIES

During 2006, the City became a guarantor on a loan acquired by the Washington Parking Authority (Parking Authority) for construction of a parking garage in the amount of \$3,535,000. The Parking Authority is responsible for the repayment of this debt from parking revenue. However, in the event the Parking Authority defaults on the loan, the City assumes this debt. On December 10, 2019, the Parking Authority refinanced this debt at a lower interest rate. At December 31, 2022, the Parking Authority had debt outstanding on the Series 2019, Refunding Note of \$1,425,000.

The amount the City may potentially need to provide for this debt in future periods is unable to be estimated. During the year ended December 31, 2022, the City was required to pay \$16,000 towards this debt. The City was required to pay \$40,000 towards the debt during the year ended December 31, 2021.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2022**

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2023 budget, including the economy and inflation. For 2023, the City anticipates the interest revenue to increase given the increase in overall interest rates. Increases in salaries and wages, pension contributions, debt service, and road projects are the largest expected increased expenses. The City anticipates all other revenues and expenses for 2023 to remain relatively consistent with 2022.

During 2018, the City decided to participate in an Early Intervention Program (EIP). This program is designed to evaluate the City's current financial position and develop a sound five-year financial plan. Currently, City Council is in the process of implementing recommendations of the EIP study.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. **CITY OF WASHINGTON
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The City of Washington (City) is a Third-Class City organized and operated under the laws of the Commonwealth of Pennsylvania and Washington County. The City is governed by a mayor and a four-member Council elected by the residents of the City of Washington. The City provides such services as are authorized by its charter to advance the welfare, comfort, safety, and convenience of the City and its inhabitants.

The basic financial statements of the City have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units with the exception of the Basis of Presentation as described in "C" below. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The financial reporting entity includes organizations, functions and activities over which elected officials exercise oversight responsibility. Oversight responsibility is determined on the basis of financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. There are no component units as defined in the Governmental Accounting Standards Board (GASB) Statement No. 14 which are included in the City's reporting entity. Furthermore, the City is not includable as a component unit in any other primary government.

B. Summary of Significant Accounting Policies

As discussed further below, these financial statements are presented on a modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles (GAAP) include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements Financial Accounting Standard Board (FASB) pronouncements and Accounting Principles Board (APB) opinions have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

C. Basis of Presentation

The City's basic modified cash basis financial statements include both government-wide (reporting the City as a whole) and fund (reporting the City's major funds) financial statements. All activities of the City are classified as governmental in both the government-wide and fund financial statements.

**CITY OF WASHINGTON
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation (Continued)

Government-wide Financial Statements

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

In the government-wide Statement of Net Assets, the governmental activities are presented on a consolidated basis by column and are reported on a modified cash basis, which recognizes capital assets as well as long-term debt. The modified cash basis of accounting does not recognize the recording of amounts owed to and by the City, deferred expenses and revenues, and other assets and liabilities normally recorded using the accrual basis of accounting as required by generally accepted accounting principles. The City's net assets are reported in three parts, a) invested in capital assets, net of related debt; b) restricted net assets; and c) unrestricted net assets.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions. The functions are also supported by general government revenues. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reports capital-specific grants. The net costs (by function) are normally covered by general revenue (property taxes, earned income taxes, intergovernmental revenues, interest income, etc). This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year's activities.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitutes its assets, liabilities, fund equity, revenues, and expenditures/expenses. The City presently has fiduciary-type funds which are presented separately on the modified cash basis of accounting. An emphasis is placed on major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- (a) Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- (b) Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

**CITY OF WASHINGTON
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The various funds are grouped, in the financial report, into two generic fund types and categories as follows:

GOVERNMENTAL FUNDS

General Fund – The General Fund is the operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Other Major Funds – Funds are maintained to account for revenues derived from special sources. Such revenues are restricted to expenditures for specified purposes. The Other Major Funds presented are made up of the following self-balancing funds maintained by the City:

- A) General Reserve Fund
- B) Act 205 Distressed Pension Fund
- C) Marcellus Shale Impact Fund
- D) Local Shares Assessment Fund
- E) Capital Improvements Fund
- F) Coronavirus Aid & Relief Fund
- G) Other Governmental Funds
 - Liquid Fuels Fund
 - Purchase of Buses and Equipment Fund
 - Mass Transit Fund
 - Municipal Pension State Aid Fund
 - Fire Damage Escrow Fund
 - U.S. Justice Capital Equipment Fund
 - Park Development Fund
 - Payroll Fund
 - TIF Revenue Fund
 - Fire Capital Purchase Fund
 - Elm Street Grant Fund
 - Insurance Claims Fund

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FIDUCIARY FUNDS

The fiduciary fund is comprised of the following pension funds:

Police Pension Fund – The Police Pension Fund is used to account for assets held by the City in a trustee capacity for the policemen of the City.

Firemen Pension Fund–The Firemen Pension Fund is used to account for assets held by the City in a trustee capacity for the firemen of the City.

Officers and Employees Pension Fund – The Officers and Employees Pension Fund is used to account for assets held by the City in a trustee capacity for the officer and administrative employees of the City.

D. Budget and Budgetary Accounting

Formal budgetary integration is employed as a management control device for all governmental fund types. Once the budget is approved, it can be amended at the function and fund level only by a vote of the majority of members of Council and the Mayor. A formal budget was adopted for the General Fund, each of the Special Revenue Funds, and each of the Capital Projects Funds.

E. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

F. Capital Assets

Capital assets purchased or acquired are reported at historical costs or estimated historical costs. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expenses as incurred. Assets capitalized, not including infrastructure assets, have an original cost of \$5,000 or more. Infrastructure assets capitalized have an original cost of \$100,000 or more. Depreciation has been calculated on each class of depreciable property using the straight-line method. Depreciation expense for the year ended December 31, 2022 was \$1,314,839. Estimated useful lives are as follows:

Buildings	20-50 years
Infrastructure	20-50 years
Improvements	10-20 years
Vehicles and Equipment	5-10 years

G. Subsequent Events

In accordance with Accounting Standards Codification (ASC) 855-10, *Subsequent Events*, the Township has evaluated subsequent events through September 14, 2023 the date financial statements were available to be issued.

NOTE 2 – CASH AND CASH EQUIVALENTS

The City of Washington considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

At December 31, 2022, the carrying amount of the City's governmental fund deposits was \$4,967,900. The bank balance was \$5,041,497. The City maintains checking and money market accounts with Washington Financial Bank.

Deposits with financial institutions are insured by FDIC insurance for the first \$250,000 of deposits.

The City's governmental fund deposits are categorized to give an indication of the level of risk assumed by the City at year end. The categories are described as follows:

- Category 1 - Insured or collateralized with securities held by the City or its agent in the City's name.
- Category 2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.
- Category 3 - Uncollateralized or which are collateralized with securities held by the pledging financial institution or by its trust department but not in the City's name.

Governmental fund deposits, categorized by level of risk, are:

NOTE 5 – PENSION PLANS

The City of Washington maintains the following pension plans for its employees:

- A) Police Pension Plan
- B) Firemen Pension Plan
- C) Officers and Employees Retirement System

Plan Administration: The City of Washington Comprehensive Municipal Pension Trust Fund (the Trust) was established by Ordinance No. 1371, effective April 9, 1987, as a result of the City's eligibility for, and election to participate in, the supplemental state assistance program provision of Act 205 of 1984 for distressed municipalities. This provision required the City to aggregate the municipal pension assets into a single pension trust fund pursuant to Section 607(b) of Act 205. The City of Washington entered at that time under Level II of the recovery program.

The Trust retains the assets and acts as a common investment and administrative agent of the City's police, firemen's and non-uniformed pension plans. The Trust is governed by the City of Washington Comprehensive Municipal Pension Trust Fund Board of Trustees, which has delegated the authority to management certain fund assets to PNC Institutional Investments.

Act 205 Section 607(b), requires that each pension plan subject to the aggregation shall have an undivided participation in the assets of the Trust. For accounting purposes, the value of the participation by each plan shall be calculated annually. The value for each plan and its share of the investment earnings are shown in the statement of the undivided participation in the assets of the comprehensive municipal pension trust fund, which appear in the separately issued City of Washington Police, Firemen's and Officers and Employees Pension Plan audit reports.

Investments: The Plan's is authorized to invest in legal investments permitted under the Pennsylvania Fiduciaries Investment Act. The Plan's investments are uninsured and unregistered investments for which the securities are held by a counterparty or by its trust department or agent but not in the Plan's name. The assets of the three pension plans are consolidated by PNC Institutional Investments. Asset information as of December 31, 2022 was furnished by PNC Institutional Investments.

The Market Value of assets is summarized below by type:

	<u>Market Value</u>
A. Cash and Cash Equivalents	\$ 5,301,103
B. U.S. Government and Agency Securities	15,271,481

NOTE 5 – PENSION PLANS (Continued)

The activity of each plan is presented in the fund financial statements under the Fiduciary Fund. The statement of net position – fiduciary funds and statement of changes in net position – fiduciary funds reflect information as of and for the year ended December 31, 2022.

The details and activity of each pension fund is as follows:

A. Police Pension Plan

1. Plan Description

Plan Administration: The City of Washington’s Police Pension Plan is a single-employer defined benefit pension plan. The Plan was established by Ordinance No. 324, effective February 19, 1936 and was most recently amended and restated effective January 1, 2016. The Plan is governed by the City Council of the City of Washington which may amend plan provisions, and which is responsible for the management of Plan assets. The City Council has delegated the authority to manage certain Plan assets to Morrison Fiduciary Advisors, Inc. The Plan is required to file Form PC-201C biennially with the Pennsylvania Department of the Auditor General’s Municipal Pension Reporting Program (MPRP). The most recent filing was as of January 1, 2021.

Plan Membership: The plan provides pensions for full-time police officers of the City. As of December 31, 2022, pension plan membership consists of:

• Active employees	31
• Retirees and beneficiaries currently receiving benefits	44
• Terminated employees entitled to benefits but not yet receiving them	<u>0</u>
Total	<u>75</u>

2. Benefit Provisions

Pension plan benefit provisions are as follows:

Eligibility Requirements

Normal Retirement: Age 50 and 20 years of service.

Normal Benefit

A monthly benefit equal to the greater of 50 percent of monthly salary or final monthly average salary averaged over the 5 highest years of employment plus a service increment of 1/40 of the benefit for each full year of continuous service in excess of 20 years, but not including service after age 65. For participants hired after January 1, 2020, the pension will be capped by 65% of base pay plus service increment.

NOTE 5 – PENSION PLANS (Continued)

2. Benefit Provisions – Continued

Death Benefit

Before Retirement Eligibility: Refund of contributions without interest.

After Retirement Eligibility, disability, or if killed in service: A monthly benefit equal to 100 percent of the pension the participant was receiving or entitled to receive on the day of the participant's death payable to participant's spouse.

Payment of Survivor Benefits: Monthly survivor benefits are payable to the participant's spouse for life, or if the spouse later dies, the benefit will be paid to the participant's dependent children, if any, until age 18.

Disability Benefit

Service Related: Total and permanent disablement which occurs while performing the duties of a police officer for the City.

Non-Service Related: Total and permanent disablement following the completion of 10 years of continuous service.

Amount of Benefit: A monthly benefit equal to 50 percent of the participant's base salary at disablement/retirement. If the non-service related disability occurs prior to the completion of 10 years of service, the benefit is equal to 25 percent of the base salary at disablement.

Member Contributions

Amount or Rate: 7.5 percent of compensation, plus \$4 per month. Employees who have reached age 65 will not be required to contribute the \$4 per month.

Refund: Accumulated contributions without interest.

3. Summary of Significant Accounting Policies

Basis of Accounting: These statements have been prepared on the accrual basis of accounting. Contributions and pension payments are recognized in the period that they are due.

Valuation of Investments: Plan investments are listed at fair value as reported by PNC Institutional Asset Management and are allocated to the Police Pension Plan based on the conventions of the Aggregate Trust. The Aggregate Trust was established as a requirement of Act 205 of 1984 for Level II Distressed Plans.

3. Summary of Significant Accounting Policies—Continued

Contributions: Act 205 of 1984 (as amended) requires that annual contributions be based upon the Minimum Municipal Obligation (MMO), which is based on the plan's most recent biennial actuarial valuation. The MMO includes the normal costs, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to ten percent (10%) of the excess, if any, of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds which must be used for pension funding. Any financial requirement established by the MMO which exceeds state and member contributions must be funded by the employer.

Contributions (continued): Employees are required to contribute seven and one-half percent (7.5%) of covered payroll to the Plan plus \$4 per month. This contribution is governed by the Plan's governing ordinances.

Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plan and funded through the MMO and/or plan earnings.

4. Net Pension Liability

The components of the net position liability as of December 31, 2022 are as follows:

Total Pension Liability of the Plan	\$36,715,424
Plan Fiduciary Net Position	<u>(34,063,681)</u>
Net Pension Liability of the Plan	<u>\$ (2,651,743)</u>

Plan fiduciary net position as a percentage of the total pension liability 92.78%

The total pension liability was determined by an actuarial valuation as of January 1, 2021 and rolled forward to December 31, 2022, using the following significant actuarial assumptions applied to all periods included in the measurement:

Actuarial Assumptions:

Inflation	2.5%
Salary Increases	5.0%, including inflation
Expected Long-Term Rate of Return	6.25%, applied to all periods

Mortality rates were based on the Public Safety Mortality Table (PubS-2010) and PubS-2010 disabled table for disabled members. Mortality improvement was based on the long-range demographic assumptions for the 2018 SSA's Trustee Report.

4. Net Pension Liability—Continued

The following shows the effect of a 1% change in the discount rate on the net pension liability:

	1% Decrease	Current Rate	1% Increase
	5.25%	6.25%	7.25%
Net Pension Liability	\$7,664,540	\$2,651,743	\$(1,424,594)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of inflation and investment expenses not funded through the MMO) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of December 31, 2022 are summarized as follows:

<u>Asset Class</u>	<u>Long-Term Expected Real ROR</u>
Equities	4.1% - 9.1%
Fixed Income	0.4% - 10.5%
Cash	0.1% - 0.5%

The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that plan will continue to be funded based on the Minimum Municipal Obligation as determined in accordance with Act 205. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

B. Firemen Pension Plan

1. Plan Description

Plan Administration: The City of Washington’s Firemen Pension Plan is a single-employer defined benefit pension plan. The Plan was established, effective March 1, 1930 and was most recently amended and restated effective January 1, 2016. The Plan is governed by the City Council of the City of Washington which may amend plan provisions, and which is responsible for the management of Plan assets. The City Council has delegated the authority to manage certain Plan assets to Morrison Fiduciary Advisors, Inc. The plan is required to file Form PC-202C biennially with the Pennsylvania Department of the Auditor General’s Municipal Pension Reporting Program (MPRP). The most recent filing was as of January 1, 2021.

1. Plan Description (Continued)

Plan Membership: The Plan provides pensions for full-time firefighters of the City. As of December 31, 2022, pension plan membership consists of:

• Active employees	23
• Retirees and beneficiaries currently receiving benefits	31
• Terminated employees entitled to benefits but not yet receiving them	<u>0</u>
Total	<u>54</u>

2. Benefit Provisions

Pension plan benefit provisions are as follows:

Eligibility Requirements

Normal Retirement: Age 50 and 20 years of continuous service.

Normal Benefit

A monthly benefit equal to the greater of 50 percent of the monthly salary or 50 percent of the average monthly average salary averaged over the 5 highest years of employment plus a service increment of 1/40 of the benefit for each full year of continuous service in excess of 20 years, but not including service after age 65. For participants hired after January 1, 2020, the pension will be capped by 65% of base pay plus service increment.

NOTE 5 – PENSION PLANS (Continued)

2. Benefit Provisions (Continued)

Death Benefit

Before Retirement Eligibility: Refund of contributions without interest.
After Retirement Eligibility or if killed in service: A monthly benefit equal to 100 percent of the pension the participant was receiving or entitled to receive on the day of the participant's death payable to participant's spouse.

Payment of Survivor Benefits: Monthly survivor benefits are payable to the participant's spouse for life, or if the spouse later dies, the benefit will be paid to the participant's dependent children, if any, until age 18.

Disability Benefit

Service Related: Total and permanent disablement which occurs while performing the duties of a firemen for the City.

Non-Service Related: None.

Amount of Benefit: The normal retirement benefit as calculated at date of disablement, including any service increments.

Member Contributions

Amount or Rate: 5 percent of compensation plus \$5 per month for participant hired prior to January 1, 2003, 6.5 percent plus \$5 per month for participants hired on or after January 1, 2003.

Refund: Accumulated contributions without interest.

3. Summary of Significant Accounting Policies

Basis of Accounting: These statements have been prepared on the accrual basis of accounting. Contributions and pension payments are recognized in the period that they are due.

Valuation of Investments: Plan investments are listed at fair value as reported by PNC Institutional Asset Management and are allocated to the Firemen's Pension Plan based on the conventions of the Aggregate Trust. The Aggregate Trust was established as a requirement of Act 205 of 1984 for Level II Distressed Plans.

3. Summary of Significant Accounting Policies (Continued)

Contributions: The employer follows the funding policy prescribed by Act 205 of 1984 (as amended), which requires that annual contributions be based upon the Minimum Municipal Obligation (MMO) using the plan's most recent biennial actuarial valuation. The MMO includes the normal cost, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to ten percent (10%) of the excess, if any, of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds which must be used for pension funding. Any financial requirement established by the MMO which exceeds state and member contributions must be funded by the employer. Employees are required to contribute five percent (5%) of covered payroll to the Plan plus \$5 per month if hired before January 1, 2003 and six and one-half percent (6.5%) of covered payroll plus \$5 per month if hired on or after January 1, 2003. This contribution is governed by the Plan's governing ordinances and collective bargaining.

Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plan and funded through the MMO and/or plan earnings.

4. Net Pension Liability

The components of the net position liability as of December 31, 2022 are as follows:

Total Pension Liability of the Plan	\$28,777,805
Plan Fiduciary Net Position	<u>(26,347,211)</u>
Net Pension Liability of the Plan	<u>\$2,430,594</u>

Plan fiduciary net position as a percentage of the total pension liability 91.55%

The total pension liability was determined by an actuarial valuation as of January 1, 2021 and rolled forward to December 31, 2022, using the following significant actuarial assumptions applied to all periods included in the measurement:

Actuarial Assumptions:

Inflation	2.5%
Salary Increases	4.75%, including inflation
Expected Long-Term Rate of Return	6.25%, applied to all periods

Mortality rates were based on the Public Safety Mortality Table (PubS-2010) and PubS-2010 disabled table for disabled members. Mortality improvement was based on the long-range demographic assumptions for the 2018 SSA's Trustee Report.

4. Net Pension Liability (Continued)

The following shows the effect of a 1% change in the discount rate on the net pension liability:

	1% Decrease	Current Rate	1% Increase
	5.25%	6.25%	7.25%
Net Pension Liability	\$6,230,470	\$2,430,594	\$(679,128)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of inflation and investment expenses not funded through the MMO) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of December 31, 2022 are summarized as follows:

<u>Asset Class</u>	<u>Long-Term Expected Real ROR</u>
Equities	4.1% - 9.1%
Fixed Income	0.4% - 10.5%
Cash	0.1% - 0.5%

The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that plan will continue to be funded based on the Minimum Municipal Obligation as determined in accordance with Act 205. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

C. Officers and Employees Retirement System

1. Plan Description

Plan Administration: The City of Washington’s Officers and Employees Pension Plan is a single-employer defined benefit pension plan. The Plan was established by Ordinance No. 566, effective February 1, 1950 and was most recently amended and restated effective January 1, 2016. The Plan is governed by the City Council of the City of Washington which may amend plan provisions, and which is responsible for the management of Plan assets. The City Council has delegated the authority to manage certain Plan assets to Morrison Fiduciary Advisors, Inc. The Plan is required to file Form PC-201C biennially with the Pennsylvania Department of the Auditor General’s Municipal Pension Reporting Program (MPRP). The most recent filing was as of January 1, 2021.

Plan Membership: The plan provides pensions for elected officials or full-time non-uniformed employees of the City. As of December 31, 2022, pension plan membership consists of:

• Active employees	32
• Retirees and beneficiaries currently receiving benefits	25
• Terminated employees entitled to benefits but not yet receiving them	<u>0</u>
Total	<u>57</u>

2. Benefit Provisions

Pension benefits are as follows:

Eligibility Requirements

Normal Retirement: For participants hired before January 1, 1993, age 55 and 20 years of continuous service. For participants hired after December 31, 1992, age 60 and 20 years of continuous service.

Normal Benefit

A monthly benefit equal to the greater of 50 percent of the monthly salary or 50 percent of the final monthly average salary plus service increment, if any, less 40 percent of the Social Security Benefit for participants hired before January 1, 1993.

Social Security Benefit

The Social Security old-age insurance benefit calculated under the provisions of the Federal Social Security Act in effect on the date of termination, using only the compensation earned in employment with the City.

The Aggregate Trust was established as a requirement of Act 205 of 1984 for Level II Distressed Plans.

Contributions: Act 205 of 1984 (as amended) requires that annual contributions be based upon the Minimum Municipal Obligation (MMO), which is based on the plan's most recent biennial actuarial valuation. The MMO includes the normal costs, estimated administrative expenses and an amortization contribution of the unfunded actuarial accrued liability, less estimated member contributions, and a credit equal to ten percent (10%) of the excess, if any, of the actuarial value of assets over the actuarial accrued liability. The state provides an allocation of funds which must be used for pension funding. Any financial requirement established by the MMO which exceeds state and member contributions must be funded by the employer.

Contributions (continued): Employees are required to contribute three and one-half percent (3.5%) of covered payroll subject to social security taxation and five percent (5%) of pay in excess of the taxable wage base. Participants may contribute five percent (5%) to eliminate the social security offset and an extra one percent (1%) for the survivor benefit. Participants hired after December 31, 1992, contribute six percent (6%) of pay. This contribution is governed by the Plan's governing ordinances.

Administrative costs, which may include but are not limited to investment management fees and actuarial services, are charged to the Plan and funded through the MMO and/or plan earnings.

4. Net Pension Liability (Continued)

The total pension liability was determined by an actuarial valuation as of January 1, 2021 and rolled forward to December 31, 2022, using the following significant actuarial assumptions applied to all periods included in the measurement:

Actuarial Assumptions:

Inflation	2.5%
Salary Increases	4.5%, including inflation
Expected Long-Term Rate of Return	6.25%, applied to all periods

Mortality rates were based on the Public Safety Mortality Table (PubS-2010) and PubS-2010 disabled table for disabled members. Mortality improvement was based on the long-range demographic assumptions for the 2018 SSA's Trustee Report.

The following shows the effect of a 1% change in the discount rate on the net pension liability:

	1% Decrease	Current Rate	1% Increase
	5.25%	6.25%	7.25%
Net Pension Liability	\$1,390,145	\$633,344	\$(7,910)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of inflation and investment expenses not funded through the MMO) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in the target asset allocation as of December 31, 2022 are summarized as follows:

<u>Asset Class</u>	<u>Long-Term Expected Real ROR</u>
Equities	4.1% - 9.1%
Fixed Income	0.4% - 10.5%
Cash	0.1% - 0.5%

The discount rate used to measure the total pension liability was 6.25%. The projection of cash flows used to determine the discount rate assumed that plan will continue to be funded based on the Minimum Municipal Obligation as determined in accordance with Act 205. Based on that assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

NOTE 6 – Postemployment Benefits other than Pension (OPEB)

Plan Description: The City's defined benefit Plan provides certain postemployment health, dental and life insurance benefits for all eligible police officer and firefighter retirees of the City. There are no OPEB benefits offered to the Officers and Employees retirees. The OPEB Plan is a single-employer defined benefit Plan administered by the City. No assets are accumulated in a trust that meet the criteria in paragraph 4, of GASB 75.

**CITY OF WASHINGTON
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 6 – Postemployment Benefits other than Pension (OPEB) (Continued)

Benefits Provisions: The Plan provides 75% of the premiums for healthcare and dental insurance for eligible police officer and firefighter retirees through the City's insurance plan which covers both active and retired members up to Medicare eligibility. Street Department employees who completed at least 10 years of service prior to retirement and who retire prior to Medicare eligibility will receive \$4,000 upon the City's receipt of proof that the retiree has purchased medical coverage. In addition, the Plan provides for \$3,000 of life insurance upon normal retirement for the police officers and firefighters. For the year ended December 31, 2022, there were no contributions to the plan.

Employees Covered by Benefit Terms. The plan provides benefits for full-time employees of the City retiring with a normal or disability pension.

Membership in the plan consisted of the following at December 31, 2022:

Active plan members	54
Retirees with health coverage	18
Retirees with life insurance only	<u>40</u>
Total	<u>112</u>

Actuarial Assumptions: In accordance with GASB 75, the City is permitted to perform an actuarial valuation of its total OPEB liability on a triennial basis. In the interim years, the amounts calculated based on the actuarial valuation may be rolled forward and updated as needed. An actuarial valuation was performed for the fiscal year ended December 31, 2022.

The total OPEB Liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Discount rate: 4.00%

Mortality: Mortality rates were based on the Public Safety Mortality Table (PubS-2010) and PubS-2010 disabled table for disabled members. Mortality improvement was based on the long-range demographic assumptions for the 2018 SSA's Trustee Report.

Lapse and opt-in: Those currently on healthcare coverage are assumed to remain until Medicare eligibility. Those not currently on healthcare coverage are assumed to not participate in the future.

NOTE 10 – RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City is insured with Selective Insurance through EMC Insurance. General liability for public officials carries a \$10,000 deductible. There is a general aggregate coverage limit of \$2,000,000 with a \$1,000,000 limit for each occurrence.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

The City participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

In addition, the following commitments and contingencies of the City existed as of December 31, 2022:

During the year ended December 31, 2006, the City became a guarantor on a loan acquired by the Parking Authority in the amount of \$3,535,000 for construction of a new parking garage. The Parking Authority is responsible for the repayment of this debt from parking revenue. However, in the event the Parking Authority defaults on the loan, the City assumes the debt. On December 10, 2019, the Parking Authority refinanced this debt at a lower interest rate. The City was required to contribute \$16,000 toward the Parking Authority debt during 2022. At December 31, 2022, the Parking Authority had debt outstanding on the Series 2019, Refunding Note of \$1,425,000.
